

My New School

The background features a stylized landscape with rolling hills. The top portion of the image shows blue and light blue wavy bands, while the bottom portion shows green and light green wavy bands. The central area is a plain white background where the text is located.

When you come in to school this is what most days
will look like.

You will come into your classroom.

Acorns and Blossom your door looks like this:

Saplings your door looks like this:

Your teachers will be there
to meet you...

Your teacher takes a register to see who is in school.

We start the day with our daily boost.

Then we look at our timetable for the day.

Discovery Time

We have a Maths or Literacy lesson every morning. Your teacher may hear you read or practice your phonics.

You get time to discover with your friends and take part in lots of fun learning activities.

We enjoy Yoga before lunch.

We also have PE lessons and spend lots of time outside.

Lunchtime

At lunchtime we will go to the hall.

If you have packed lunch you will eat it at the table.

If you have a hot dinner you will wait in a line to be served the dinner you chose in the morning.

When you have finished eating you will go outside to play with your friends, our lunchtime supervisors will look after you.

During discovery time we enjoy exploring the different areas of EYFS

Each area has a different coloured lollipop stick.

We collect a lollipop stick from each area to make a rainbow.

This way we make sure every child has explored every area.

At the end of the day we go
outside to meet our
parents/carers.

Sometimes our days are a bit different!

We might have visitors...

We might ask your parents/carers to come in with you!

We have lots of fun in EYFS!

Our Children say.....

Jack- "I love writing in the writing area."

Oz- "My favourite thing about EYFS is playing football outside with my friends."

Ella- "We get to do lots of creating."

Henry- "When I started school I knew letters in my head but now I can write them down."

Myla- "I loved it when had the pony visit. It was the height of 2 children."
