Opportunities Wisdom Legacy

Welcome to our 'Values' assembly

“A value is a principle that guides our thinking and behaviour”

# Job Challenge

♥ Who do you think is the teacher, scientist, builder and hairdresser. Why?

## Purpose

- ☐ When looking at these pictures some of us had stereotypical views.
- ☐ Stereotypes are overgeneralised beliefs about a particular type of person.

E.g.

All boys like football.

All people who wear glasses are intelligent.

People who are old are forgetful.

For this month's value we must make sure we are aware of the dangers of stereotypes and ensure that we do not let them change the way we treat other people

In September we will be exploring the value of

# EQUALITY

Making sure ALL people are treated fairly

Making sure people have equal chances or opportunities regardless of

Age

Religion

Race

Disability

Sexuality

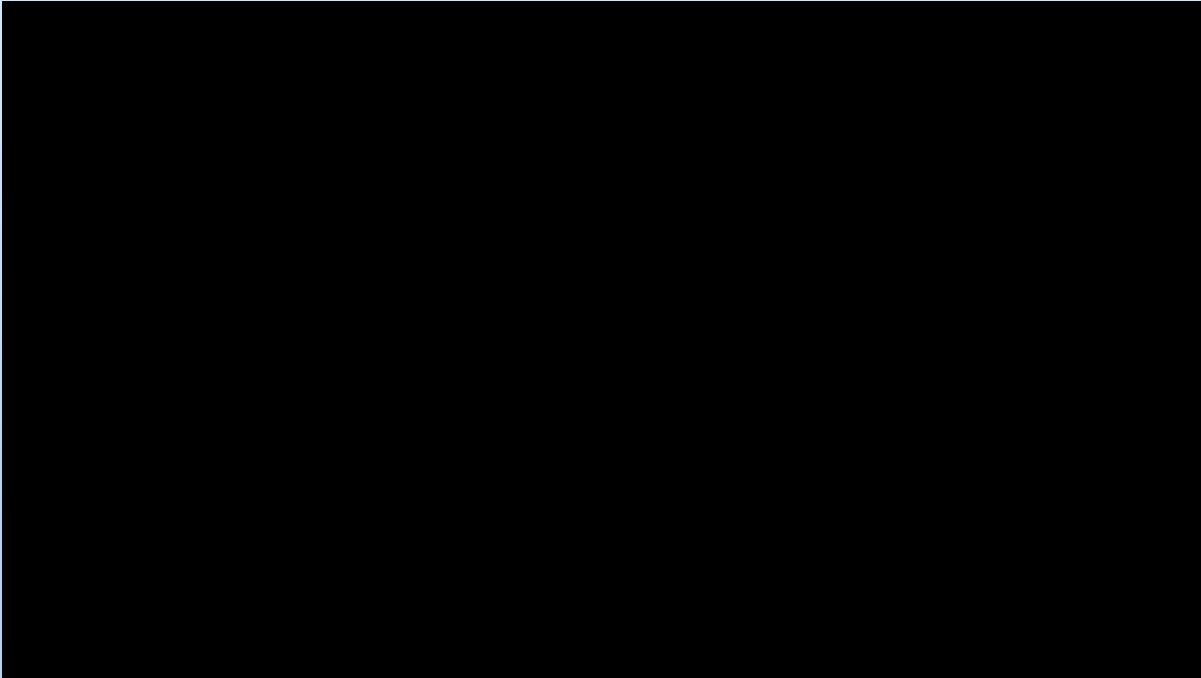

Gender

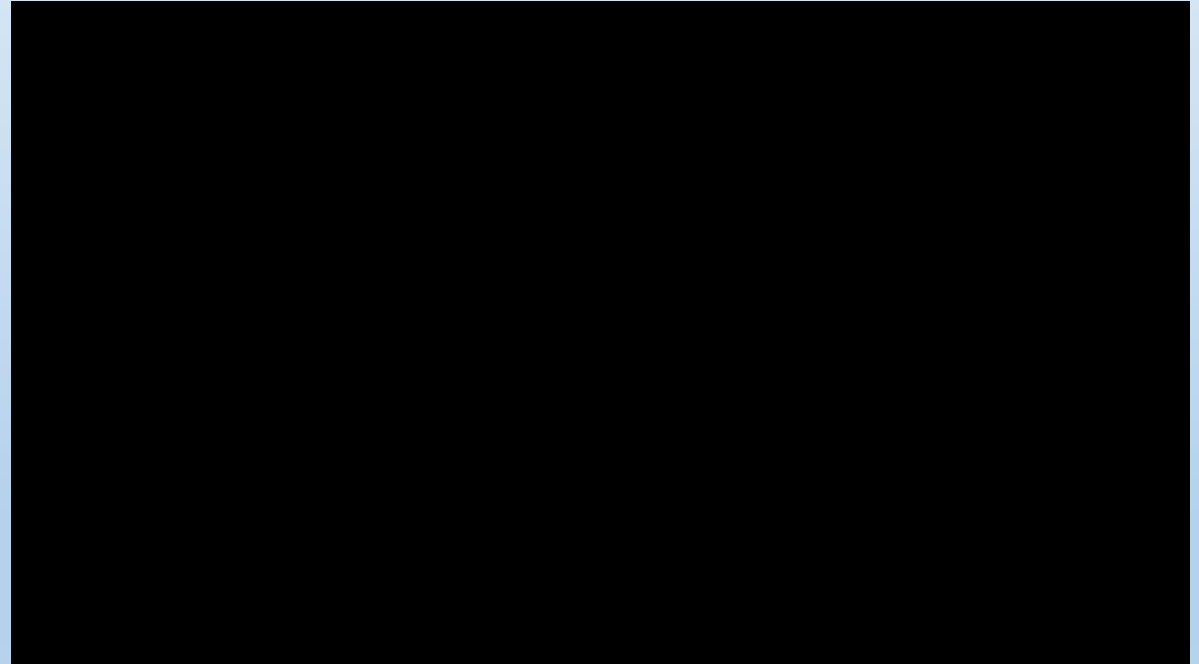

Reflect on what Equality means to you while  
you watch and listen.

# A School Without Diversity

♥ Imagine a world without diversity

Where:

- Everyone looks the same
- Everyone sounds the same
- Everyone has the same interests
- Everyone has the same beliefs
- Everyone behaves the same

# Diversity

♥ We are ALL different and it is our differences that make us unique and special, and that makes our country interesting.

♥ If we didn't have freedom to be who we want to be and to be different, the world would be a boring place...

♥ Be proud and confident in your differences!

♥ Respect and celebrate difference in others!

## Treating People with Inequality

Some people do not treat people with Equality.

They may treat people differently because of their age, gender, sexual orientation, race or religious beliefs and this is called discrimination.

### The Rule of Law

It is illegal to discriminate against people

A quiet moment of prayer or reflection...
